

Celebrating 60 Years of Bringing You Nearer to Nature

APRIL BREAK CAMP

"Spring into Fun"

Monday, Apr. 27- Thursday, Apr. 30

Registration opens March 2 @ 9:00am

9:30am - 3:30pm

Aftercare available

Ages: 7-10 yrs

Monday: Signs of Spring Adventure

Tuesday: Animals on the Move

Wednesday: Spring Art

Thursday: Springtime Bug Safari

Monday, April 27

Signs of Spring Adventure, 9:30am - 3:30pm, Ages 7 - 10

As winter fades, the natural world begins to wake up! Today campers will uncover and explore the signs of spring all around them—budding trees, returning birds, blooming flowers, and buzzing insects. Through outdoor exploration, scavenger hunts, art projects, and up-close encounters with our animals, campers will learn how plants and animals change with the seasons and discover the exciting clues that spring has arrived.

Cost: \$75/member; \$84/nonmember

Tuesday, April 28

Animals on the Move, 9:30am - 3:30pm, Ages 7 - 10

As the days grow longer and warmer, animals begin to stir and return. Today, campers will learn about animals that migrate back in the spring and those that wake up from winter rest. Through up-close to animal encounters, nature exploration, and creative activities, campers will discover why animals migrate, when they wake up, and what clues tell us they're back. Campers will build observation skills while celebrating the exciting return of wildlife in spring!

Cost: \$75/member; \$84/nonmember

Wednesday, April 29

Spring Art, 9:30am - 3:30pm, Ages 7 - 10

Spring is full of color, texture, and inspiration! During this camp day, campers will create spring-themed art both indoors and outdoors, using the natural world as their muse. From painting flowers and blossoming trees to experimenting with nature prints and outdoor sketching, campers will explore a variety of materials and techniques. This day encourages creativity, self-expression, and a hands-on connection to the sights and feelings of spring—rain or shine. We'll also meet an animal guest to help inspire some of our art.

Cost: \$75/member; \$84/nonmember

Thursday, April 30

Springtime Bug Safari, 9:30am - 3:30pm, Ages 7 - 10

Grab your magnifying glasses and get ready to explore! Campers will become insect adventurers as they head outdoors to discover the tiny creatures that make spring buzz, crawl, and flutter to life. Campers will search for insects on guided “bug safaris,” learn how to gently observe and release them, and create insect inspired art. Today is all helping kids see that even the smallest creatures can lead to big adventures and have big impacts.

Cost: \$75/member; \$84/nonmember

Registering for all four days?

If you are registering your child/children for all four days of camp, you will receive a small discount!

(Discount applied at time of registration)

Aftercare Available

Each day, aftercare will be available until 4:30pm. You can sign your child/children up for aftercare when you register for camp. Please note that we will not have aftercare if fewer than 3 children are signed up, and we will notify families at least one week before.

Cost: \$13/day per child

Friday, May 1st
