# Hebridean Adventure

A Tour of Scotland's Outer Hebrides and Skye

May 20-June 2, 2022

Led by Iain MacLeod

# Itinerary

Join native Scot Iain MacLeod for a very personal, small-group tour of Scotland's Outer Hebrides and Skye. Iain is an experienced group tour leader who has organized and led tours of Scotland more than a dozen times. The hotels are chosen by Iain for their comfort, ambiance, hospitality, and excellent food. Iain personally arranges every detail — flights, meals, transportation and daily destinations.

**Friday, May 20:** Fly from Logan Airport, Boston.

**Saturday, May 21:** Arrive Glasgow in morning. We will load up the van and head north and west towards Fort William and on to Skye. Along the way we will pass by Loch Lomond and drive through some of the spectacular West Highland scenery. We will end the day at **Sconser Lodge** ([www.sconserlodge.co.uk](http://www.sconserlodge.co.uk)) which will be our base for the next three nights.

**Sunday, May 22:** Today we'll get our bearings on Skye and visit Dunvegan Castle and Gardens. Dunvegan is the ancestral home of the Clan MacLeod. On our loop back we'll visit the Talisker Distillery and sample some of Scotland's finest whisky.

**Monday, May 23:** We'll take a spectacular boat trip on the "Brigadoon" out of Portree Harbor out to Strait of Raasay. This 2-hour trip will include sightings of White-tailed Eagle (enticed to the boat by a fish or two). After or before the trip we'll explore the town of Portree and view the beautiful natural harbor and surrounding headlands. If time allows, we'll visit Clan Donald Skye Visitor Center which includes Armadale Castle and the Museum of the Isles. Woodland walks will add to our songbird list.

**Tuesday, May 24:** We'll pack up the van after breakfast and head west again enjoying the spectacular scenery and catch the 2 pm ferry from Uig to Lochmaddy on North Uist. Black Guillemots will whistle their greeting from the rock walls in the harbor and Grey Seals will wave from rocky islands. We'll look for fishing Gannets, rafts of Manx Shearwaters. We'll see Kittiwakes, European Shags, Fulmars, and there's always a chance of Puffins and skuas. We arrive in Lochmaddy at 3:45 pm and have just a two minute drive to our next hotel. Our base for the next four nights is the **Hamersay House** (<http://www.hamersayhouse.co.uk/>).

**Wednesday, May 25:** Today we'll explore North Uist. We'll take a drive around the island looking for breeding Red-throated Divers (loons) on road-side lochans and look

for Golden Plovers, Hen Harriers, Merlins, Short-eared Owls, Golden Eagles, and Arctic Skuas on the moors. We'll visit the award-winning Taigh Chearsabhagh Museum & Arts Centre in Lochmaddy to learn a little about the islands cultural history. At the RSPB reserve at Balranald we can explore the flower-rich machair lands (farm fields) where hundreds of Northern Lapwings, Eurasian Oystercatchers, Common Redshanks, and Common Snipe make their home. We'll also listen for the rare and secretive Corncrake. We can take time to study the profusion of wild flowers and walk on the white sands of the storm beaches where Ringed Plovers and Arctic Terns nest.

**Thursday, May 26:** We'll take a 2-hour boat tour out of beautiful Kallin Harbor around the island of Ronay and the bays and cliffs below Eaval (North Uist's highest mountain). One of the highlights will be sightings of nesting White-tailed Eagles. In the evening we'll explore the sea lochs and with luck we might see one of the many Otters that live in the labyrinth the salty tidal inlets or a short-eared owl hunting in the twilight.

**Friday, May 27:** Today we'll explore the southern islands of the Uists. We'll look for Golden Eagles, Ravens and European Kestrels in the hills and visit Loch Druidibeg where lingering Whooper Swans are often found. Hen Harriers are here as well as divers, ducks, and nesting Greylag Geese. A visit to the Kildonan Museum will provide an overview of local history and culture.

**Saturday, May 28:** We'll do some more exploring of N. Uist and then head for Berneray to catch a 3:30 pm ferry to Leverburgh on the Island of Harris. We arrive at 4:30 pm. We'll head to the **Harris Hotel** (<http://www.harrishotel.com/>), our base for the next four nights.

**Sunday, May 29:** Today we'll take a hike out to the North Harris Golden Eagle Observatory at Meavaig. This will really give you a chance to appreciate the wildness and remoteness of the Outer Hebrides. Then we'll explore southern Harris including St. Clements Church in Rodel, a 16th-century church build for the chiefs of the MacLeods of Harris. Other highlights will include the glorious white sands of Luskentyre beach.

**Monday, May 30:** We'll explore north Harris and Lewis. Highlights will include visits to the Callanish Standing Stones (older than Stonehenge), Gearrannan and Arnol Blackhouses, and Loch na Muilne RSPB Reserve where we might catch a glimpse of the very rare Red-necked Phalarope.

**Tuesday, May 31:** Today we'll explore the rest of Lewis including a visit to the town of Stornoway (where Iain was born), We'll also visit Loch Stiapabhat Nature Reserve, and the Butt of Lewis Lighthouse (the most northerly point of the island).

**Wednesday June 1:** We'll check out of the hotel and load up the van catch the 7:30 am ferry to Uig on Skye. We leave Skye and head south towards Glasgow. We'll take our time and enjoy the spectacular west Highland scenery. Our last night will be at the Holiday Inn at Glasgow Airport.

**Thursday, June 2:** After breakfast, we'll walk over to the airport for our early morning flight back to Boston.

All-inclusive cost includes hotel accommodations and all meals, round-trip airfare from Boston to Glasgow, van transportation in Scotland, ferry and boat trips and admission fees to nature reserves and other destinations listed on the itinerary.

Cost per person: \$5,950 (assumes double or twin occupancy room. There is an additional \$500 single room supplement).
